

A smart solution for dental network access!

Aetna Dental® Administrators

Aetna Dental Administrators includes a network of dentists that are located all over the country, so it's likely you will be able to find participating dentists no matter where you live.

Aetna Dental Administrators — Please check to see if your dental provider is part of the network. You can check online at www.myameriben.com where you will find a link to the Aetna Dental Administrators program that includes a network of dentists or you can go directly to Aetna at www.aetna.com/docfind/custom/aetnadentalaccess/

Please note that you are not required to see an Aetna dental network provider. However, by doing so you and your benefit plan will receive the negotiated discounted rates which saves you money.

Aetna Dental® Administrators

Aetna participating dentists are independent providers and are neither agents nor employees of Aetna.

A broad dental network to help save you money

Dentists take new members all of the time.

Aetna Dental Administrators program has a large network of dentists. Today, there are more than 88,000 dental practice locations in the network.

Network includes general dentists and specialists

You can check the availability of a general dentist or specialist in your area by accessing the provider network online. The directory is updated regularly.

Dentists are screened to meet network requirements

Before acceptance into the Aetna Dental Administrators program, prospective dentists must successfully complete a credentialing process. They are credentialed in accordance with the state law requirements.
